....

ORDER:-

It has come to the notice of Government that many MVS Schemes have been grounded without proper preparation of DPRs of the entire scheme and changes are being made after grounding of the work and after entrustment. Because of this, the financial liability on the Government is changing, some times raising allegations of having done favour to the Contractors. Moreover, clearances as required in part-A were not been taken in the works sanctioned prior to the issue of G.O.Rt.No.613, dt.12-04-2012 because of which works are held up at various stages. Not only has the commissioning of these works got delayed, but it is also leading to general perception that most works started by the RWS Department are not getting completed. This issue was also raised by the Hon'ble Chief Minister in his meeting at Khammam during Indiramma Bata.

2. For all the new MVS Schemes works the Engineer-in-Chief has been directed to get the Part-A clearances and then report to the Government for grounding the Part-B work. Similarly, for all the SVS Schemes, the Engineers have been directed to clear Part-A, and then seek approval of CE/NRDWP for grounding the works, wherever Part-A and Part-B sanctions are given for a work.

3. In the references 1st and 2nd read above, certain instructions to the Engineer-in-Chief, Rural Water Supply and Sanitation Department, Hyderabad delegated the powers for clearance to call for the tenders of the Part-B works of all the ongoing MVS and SVS works which were sanctioned before issue of G.O.Rt No.613 Dt.12-04-2012.

4. However, to expedite clearances of Part-A based on proposals received from Superintending Engineers, it is felt that these powers need to be delegated to various levels to expedite the matters.

5. The Government have already delegated powers for clearance of Part-A to call for the tenders of the Part-B of works of all the ongoing MVS and SVS works in ref. 1 and 2 above . After taking into consideration above, Government, hereby constitute the following members as Committees to clear Part-A of all MVS and SVS works in the State :-

1. Up to Rs. 5.00 Crores Powers delegated to the Engineer-in-Chief, Rural Water Supply and Sanitation Department, Hyderabad.
